

STATE OF N. C. vs. SCOTT DAVID ALLEN

STATEMENT OF

JAMIE FENDER

DATE OF INTERVIEW: WEDNESDAY, DECEMBER 20, 2000

Jamie states Scott had stolen things from him and that Joyce got some of it back for him. So Jamie figured Scott had the rest and he was mad at Scott. Jamie lived at 24463 S. Hwy. 109 in Denton then. Jamie does not believe Scott stole from him before.

"I knew before where Scott was staying. Lois did not know that I knew. I knew, roughly, where the cabin at Uwharrie was located have not been there."

"I was supposed to pick Chris up at Robbie Johnson's house that night to go to Charlotte. I went by and Chris was not there. So I went to Charlotte to a concert." Robbie Grissom went with him to Charlotte that night. Jamie states he was at Robbie's at approximately 9:00 p.m. There were 3 or 4 guys at Robbie's and he did not know them.

Jamie states he got camouflage's on and got his rifle and went for Scott. He was going to kill Scott cause he was mad. (Why wear camouflage, why say he left his gun?)

Jamie states Scott beat Lois' nephew with an axe handle for stealing a tape on one occasion. Jamie states he went to see Scott 2 weeks ago at Central Prison (need to ask Scott about this).

Jamie states he knew Chris since 1984 in Middle School in Denton. He knew Scott since 1990 in Denton High School. He met Scott at school. "I was a sophomore. Scott was on marijuana then. I have seen Scott use marijuana, drink alcohol, do cocaine and pop pills." James states Scott did not drink alot, though.
